

Important Announcement!

Page 1/1

Dear Customer,

we would like to inform you of the change from the Biofresh brand to the global brand, SAFE®. The proven Biofresh cellulose bedding will become part of the SAFE® portfolio. This globally recognized product line is Europe's No. 1 provider in Laboratory Animal Diets and Bedding!

Take advantage of SAFE®'s comprehensive performance spectrum and benefit from one-stop shopping with the Europe's leading manufacturer of diets, custom diets, bedding and enrichment.

About SAFE®

SAFE® Complete Care Competence is your system partner for laboratory animal science. With comprehensive manufacturer's competence, SAFE® is the only company worldwide able to offer the complete range of consumables for laboratory animal science direct from the manufacturer. Products are secure, standardized, and perfectly suited to fulfill all requirements necessary for standard diets, custom diets, bedding and enrichment. SAFE® is your reliable partner with a global sales & logistics structure supported by comprehensive services.
